K.P. AND SISTER LODGE OFFICERS INSTALLED

At a joint meeting of the members of Livingstone Lodge No. 22, Knights of Pythias, and Greenhill Temple No. 10, Pythian Sisters, held in the Castle Hall on Friday night last, the officers of both lodges for the ensuing term were duly installed by Bro. W. Lord as district deputy grand chancellor, and Sister Jean K. Gray, as district deputy president.

The new officers are:
Greenhill Temple No. 10—
Past Chief—E. Kidd.
M.E.C.—C. Fraser.
E. Senior—M. Stewart.
E. Junior—A. Royle.
Manager—M. Vejprava.
M. of R. & C.—Mary Gray.
M. of F.—M. Senier.
Protector—E. Meffan.
Guard—Jean K. Gray.
Planist—A. Wheatcroft.
Livingstone Lodge, K. of P.—
P.C.—J. Wolstenholme.
C.C.—James Stewart.
V.C.—David Oliver.
Prelate—Harry Sommers.
M. of W.—Fred Paul.
K. of R. & S.—Bert Senier.
M. of F.—John Anderson.
M. of E.—A. Vejprava.
M. at A.—Albert Gale.
I.G.—Thomas Gale.
O.G.—Thomas Williams.

Following the installation ceremony, a pleasing feature was the presentation of past chancellor's jewels to Bro. Wolstenholme, retiring C. C., and Bro. Bert Senier, who had served efficiently and well in the office of K. of R. & S. for upwards of five years, qualifying for the rank of P.C. Also on behalf of Greenhill Temple, the presentation of past chief jewels to Sisters Emma Kidd, retiring M.E.C., and her sister, Sister Moore, who for upwards of three years had faithfully filled the office of mistress of records and correspondence, entitling her to the full rank of a past chief.

Following a number of addresses by the installing officers and others, the meeting adjourned, when a sumptuous banquet was served by the Sisters, not the least item on the menu being roast turkey.

Dancing followed for an hour or two.

Although we have had a few degrees of frost in the last few days, balm of gilead branches are in full leaf on The Enterprise grounds.

The Oddfellows and Rebekahs of Kimberley hired a special train on Monday evening last to convey their members to Cranbrook for a joint installation ceremony.

Local merchants and others who require calendars should remember that when they buy them from The Enterprise they are not obliged to meet the added costs for traveller's expenses.

A survey of current publications places the Family Herald and Weekly Star of Montreal in the lead for variety and quality of reading. Always recognized as a steady guide and counsellor to the farmer, the survey proclaims it almost as equally popular in urban homes.

The Royal Bank of Canada had profits of \$5,881,253 in the year ending November 30th, 1928, compared with profits of \$5,870,145 in 1927 and \$4,516,239 in 1926. This is the largest profit ever reported by a Canadian bank. Total assets are \$909,395,884, compared with \$894,663,303 for the previous year.

Alterations to the Palliser hotel at Calgary will cost in the neighborhood of \$1,700,000, which will include a four-storey addition. The work will likely be completed by Stampede time. The ballroom is also to be considerably enlarged as the present room cannot comfortably accommodate the balls.

COLEMAN I.O.O.F. AND REBEKAH OFFICERS INSTALLED

One of the largest assemblies of Oddfellows and Rebekahs since the institution of the first Oddfellows' lodge in The Pass some nineteen years ago gathered in the lodge hall at Coleman on Monday night for the purpose of celebrating the foundation of the Order and installing the officers of Coleman Lodge No. 36, I.O. O.F., and Victoria Rebekah Lodge No. 7 for the ensuing term.

Eighty-six members of the order were present for the installation ceremony, including a number of visitors from Pincher Creek, Cowley, Michel, Corbin, Bellevue and Blairmore.

The installing officers were: Sister Fraser, of Blairmore, as district deputy president of the Rebekah Assembly, and Bro. James Cousins, of Bellevue, as district deputy grand master. The officers were installed as follows:

Victoria Rebekah Lodge—
J.P.G.—Mrs. G. Ford.
N.G.—Mrs. H. Olson.
V.G.—Mrs. T. Higgbotham.
R.S.—Miss E. Ford.
F.S.—Mrs. Bowling.
Treas.—Mrs. R. Vincent.
R.S.N.G.—Mrs. F. Cox, P.G.
L.S.N.G.—Mrs. I. Neilson, P.G.
R.S.V.G.—Mrs. G. Hope, P.G.
L.S.V.G.—Mrs. VanMarion.
Warden—Mrs. Shields.
Conductress—Miss M. Dunlop.
Chaplain—Mrs. J. Lonsbury.
I.G.—Mrs. E. Beart.
O.G.—Mr. H. Vincent.
Organist—Mrs. W. Hogan, P.G.
Coleman I.O.O.F. Lodge—
J.P.G.—R. Vincent.
N.G.—J. VanMarion.
V.G.—H. Vincent.
R.S.—J. Rogers, P.G.
F.S.—J. Anders.
Treasurer—G. Greenhalgh, P.G.
R.S.N.G.—W. Hogan, P.G.
L.S.N.G.—H. Boulton, P.G.
R.S.V.G.—H. Olson, P.G.
L.S.V.G.—G. Neilson, P.G.
Warden—W. Destabel.
Conductor—McKeen Hunter, P.G.
Chaplain—E. W. Beart, P.G.
I.G.—W. Burns, P.G.
O.G.—H. Holstead.

Following the installation ceremony, an able address on the subject of "Oddfellowship" was delivered by Bro. W. J. Burns, P.G., who later acted as toastmaster, when addresses and recitations became the order of the day, followed by luncheon and dancing.

PASSING OF A. I. BLAIS

The Grim Reaper has taken another Pass old-timer, in the person of Alvin I. Blais, who died at Lethbridge at 1 o'clock on Tuesday noon, following a prolonged illness.

Mr. Blais had been a resident of Frank for about sixteen years, where he carried on a mercantile business. A number of years ago he developed cancer, which resulted in his death. Besides his widow, he is survived by three sons and one daughter. One son, the eldest, was killed in the trenches during the Great War.

Charles Walde, for thirty-two years a resident of Fernie district, died last week at the age of sixty-seven.

The Crownmest Cleaners and Dyers have purchased the business of the Cranbrook Cleaners and Dyers. Headquarters will be in Fernie.

Thirty cheques have been received by J. T. Mangan at Fernie for Home Bank deposits, representing approximately \$17,500.

While we were one of the first to join the local curling club this season, for want of a ladder we have not been able to get down to the ice.

Hon. George H. Murray, former premier of Nova Scotia, is dead. He held office in Nova Scotia from 1896 to 1923 and was 68 years old.

**WORLD HAPPENINGS
BRIEFLY TOLD**

A Toronto newspaper opened a fund for the relief of the British unemployed, particularly the miners and their families.

Units of insulin to the number of 1,185,000, costing \$4,500, were issued by the Ontario Department of Health during last November.

Representatives of the salmon industry of British Columbia estimate that this year's pack will be worth more than \$14,000,000 as compared with \$12,000,000 in 1927.

Major Carl Spatz and his Question Mark crew probably will be awarded Distinguished Flying Crosses for their endurance feat of 150 hours and 40 minutes non-stop flying.

England's oldest resident, William Walker, celebrated his 107th birthday recently. He received a presentation from the lord mayor of Nottingham. He was a bricklayer until he retired 23 years ago.

Howard Douglas, pioneer western Canadian, chief motion picture censor of Alberta for 13 years, and a former superintendent of Banff National Park, died at his home in Edmonton, at the age of 78 years.

The completion of the laying of steel into Churchill, the terminus of the Hudson Bay railway, will be marked by a celebration on a grand scale. It is announced. Plans will be formulated when the end of the work is in sight.

When the agreement with the transportation companies in regard to continental European immigrants expires in 1930 it will not be renewed. In the meantime immigration officials say they will restrict this immigration as far as possible.

A commission appointed to study the possibility of building a tunnel under the Straits of Gibraltar has returned to Madrid with a favorable report. The cost of the tunnel was estimated at 300,000,000 pesetas (approximately \$48,000,000). The tunnel itself would be 20 miles long.

To Check Outlawry

Detroit Policemen To Receive Bounty For Killing Criminals Caught In Act

Hereafter Detroit policemen who shoot and kill a criminal caught in commission of a crime will be paid a bounty of \$10, according to Police Commissioner Rutledge, who explained that the move was designed to check further outlawry.

The first presentation was made to Patrolman Arthur Underman, and Gerald McCauley, who on Jan. 30 were forced to kill a negro when he resisted arrest.

John L. Pilgrim, a London woolen merchant, completed his 150th crossing of the Atlantic when he arrived at Liverpool in the White Star liner "Baltic."

"We stand back of every auto we sell," says an ad. Fine! The front is the dangerous end.

"Marlatt's Treatment"

INTESTINAL flat, high blood pressure, nervous disorders—how careful one must be to avoid these dangerous ailments at this time of the year.

Keep the system clear of poisons and impurities. Tense up the liver, prevent bile stagnation and intestinal lethargy. Let Marlatt's help you as it helps thousands every year to ward off illness and disease.

Canadians Are Meat Eaters

Per Capita Consumption Exceeded By Only Three Other Countries

In cattle holdings Canada ranks twelfth among the countries of the world. There are eight countries with more swine than Canada and apparently twenty with more sheep and lambs. The Dominion is exceeded in meat consumption only by Argentina, New Zealand and Australia, the per capita consumption of these countries being respectively 365.3 lbs., 311.6 lbs., and 227.2 lbs. against Canada's 156.3 lbs. Following come the United Kingdom, 127.2 lbs., France, 115.0 lbs., Germany, 104.2 lbs., Denmark, 100.9 lbs., and Belgium 71.1 lbs. Canada's per capita meat consumption is made up of 58.3 lbs. of beef, having increased to this from 50.9 lbs. in 1910; 81.4 lbs. of pork against 66.7 lbs. in 1910; 6.1 lbs. of mutton and lamb, as compared with 8.7 lbs. in 1910; the total of 156.3 lbs. comparing with 156.3 lbs. in the former year.

**A PROBLEM FOR
YOUNG MOTHERS**

Stomach troubles cause most of the distress of babyhood and childhood, and are the greatest problem that a young mother has to solve. The treatment for these digestive disturbances that disturb his sleep must be quick and effective, and above all perfectly safe.

The absolute safe treatment for disturbances of the stomach and bowels is found in Baby's Own Tablets. Thousands of mothers have had their problem solved through them. They are guaranteed to be free from all injurious drugs and cannot possibly do harm to even the youngest babe—they always do good.

Baby's Own Tablets regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fevers and promote health-giving sleep which is so necessary to the welfare of the baby growing child. The Tablets are sold by all medicine dealers or by mail at 25c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**Anxious To Protect
Canadian Fishermen**

Regulations Aim To Prevent U.S. Fishermen Selling In Canadian Ports

Possible International conference regarding the fishing treaty between Canada and the United States may come as a direct result of the legislation made by Oregon and Washington fishermen of treaty violations on the part of the Dominion on the Pacific Coast which have been forwarded from Seattle to Washington, D.C., and to Canadian Government officials.

The department of Marine and Fisheries has issued the following statement: "There is no desire on the part of Canadian authorities to restrict in any way the privileges of which U.S. salmon trolling boats are entitled in Canadian ports, but when these boats are carrying on their fishing just outside Canadian water or along the Canadian coast they are not being allowed to use such ports for purpose of comfort and convenience and so make them in a large measure for practical purposes bases from which to operate. Seizures were made only when such action appeared necessary to impress the above fact and seizures were not made until after the boats concerned had received notification that Canadian ports might be used only for bona fide shelter or other treaty purposes."

At the present time U.S. ports charge a two cent duty on every pound of Canadian fish sold through them. The object of the Canadian regulations is to prevent United States fishermen selling their fish in Canadian ports and thus gaining an advantage of the Canadian fishermen.

Patrol Of Royal Mounted
Order Maintained Through Great Regions Of North-West Territories

The city or suburban policeman who is inclined to grumble about the size of the territory he has to patrol, should be given a glimpse of the area which has to be covered by the Royal Canadian Mounted Police. To them is given the task of maintaining law and order and administering relief among the scattered settlements in the great regions of the North-West Territories, stretching in a belt 2,000 miles wide from Bain Island in the east to the Mackenzie River delta in the west. Posts are established along the Arctic coast from which patrols and investigations are undertaken each year by the officers stationed there.

Two years is the normal span of duty for a constable in these territories, but not infrequently the call of the Arctic is so irresistible that the members of the force return for duty again and again.

Newspaper Suffers Loss By Fire

Plant Of The Turflore Recorder Is Prey To Flames

Fire of unknown origin destroyed the post office and newspaper plant at Turflore, Sask., recently. The building and printing plant were owned by C. R. McIntosh, M.P., and were covered by insurance. Post office fixtures, owned by A. Vinje, postmaster and editor of the "Turflore Recorder," were also insured. Owing to strenuous efforts on the part of volunteer fire fighters the blaze was kept from spreading. No fire had been made in the building on the day of the outbreak, according to Mr. Vinje.

Regularity Is Essential
Live stock thrives best when fed and watered regularly. There is a strong temptation to be in on the morning or to do the chores earlier than usual when the days are short and dull. Irregularities in the handling of live stock do not favor greatest thriftiness of production. For best results "chores" should be done by the clock.

Radio school lessons may soon be in vogue in some of the secondary schools in Canada. The Department of Education is said to be considering this innovation.

Always Keep Minard's Liniment

Proves Laborious Task

Editor Of Oxford Dictionary Searching For Definitions Of New Words

So many new words have been coined in the past four decades, that thirty pages of the New Oxford Dictionary are necessary to record only those beginning with the letter "A." This was revealed by Dr. O. T. Onions, who is editing the new supplement to the dictionary.

It was not only such obvious additions as automobile and airplane that are giving the dictionary staff a laborious task. The new words, according to Dr. Onions, include a "multitude of common colloquialisms, technicalities that have become public currency, and labels, discoveries, inventions, names of exotic plants, garments, terms of sport and of the new psychology."

There are, for instance, auto-suggestion, auto-piano, auto-erotism, autogiro, accent in air, put or get it across, appreciation, the altered line, apache, adenoids, aspidistra, aerobic, alpha rays, drug addict, airpath, airworthy, Anglo-phobia and accelerometer.

In the original Oxford Dictionary, published in 1858, "adenoid" was included but only as an adjective signifying glandlike. "Aspidistra" is a plant long known in old-fashioned English homes, but it never before achieved a place in a dictionary. On the other hand some words used in 1858 have since become obsolete. The older meaning of "airplane" was a plane or wing, while "aerometer," meaning moving picture, is now dead as a doornail.

Dr. Onions is still searching for adequate definitions, quotations and exact references for many words. Musical terms which puzzle him are atomality and attack.

He thinks he ought to include the word "agony" to "agony the government," and also the shopping term "on approval." There is a further possibility that the new dictionary may sanction "alright" as one word because of its universal usage.

"Truths" comments the Manchester Guardian editorially, our dictionary makers are toilers at a sylvan task. Just as soon as they have "2" neatly cast an enlarged and bold "2" has been seen at the other end of the menagerie."

Heart Palpitated

Nerves Bothered Her Sleep Was Broken

Mrs. Fred A. Pugsley, East Southampton, N. S. W., writes: "I was bothered very much with my nerves and palpitation of the heart, and my sleep was broken to try."

MILBURN'S HEART NERVE PILLS

and after I had taken six boxes I found that they had done me so much good I will gladly recommend them to all those who are troubled with palpitation caused by their heart and nerves."

Price 50c. per box at all druggists and dealers, or sent direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Expert Advice
Some one notes that a generous supply of advice on care of children always is available and most of it is prepared by women, whose names appear in print preceded by four letters, Miss.

Visitor—Why does your new clerk jump every time he hears the telephone bell?

Manager—Force of habit. Used to be a fireman.

ITCHY ECZEMA ON BABY'S FACE
Broke Out in Watery Pimples. Eczema Healed.

"Eczema broke out in watery pimples on my baby's face. It itched and burned so badly that she scratched, and her face was covered with sore eruptions. When she scratched the eruptions they used to bleed something dreadful. She used to fret and cry awake nights."

"I sent for a tin sample of Cuticura Soap and Ointment and after using it 1 1/2 pounds of Cuticura Soap and two boxes of Cuticura Ointment, and in five weeks the skin was completely healed." (Signed) Mrs. Clifford Fanny, Westfield, N. S.

Give Cuticura Soap and Ointment the care of your skin.

Sample Soap Free by Mail. Address: Cuticura, P.O. Box 1024, Station 1, Montreal, P. Q.

Minard's Liniment is good for colds.

FOR COLDS
ASPIRIN
To break a cold harmlessly and in a hurry try an Aspirin tablet. And for headache. The action of Aspirin is very efficient, too, in cases of neuralgia, neuritis, even rheumatism and lumbago! And there's no after effect; doctors give Aspirin to children—often infants. Whenever there's pain, think of Aspirin. The genuine Aspirin has Bayer on the box and on every tablet. All druggists, with proven directions.

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer manufacture. While it is well known that Aspirin causes Bayer manufacture, to assure the public against imitations, the Tablets will be stamped with their "Bayer Cross" trademark.

SUNDAY SCHOOL LESSON
JANUARY 20

CHRIST THE SAVIOUR

Golden Text: "And thou shalt call His name Jesus; for it is He that shall save His people from their sins."—Matthew 1:21.

Lesson: Luke 15:2-7; 90-32; 15:3-7; John 3:14-17; 10:9-11, 14-16, 28; Acts 2:1-13; Romans 5:1-11; Philippians 2:5-11; 2 Timothy 1:9, 10.

Devotional Reading: Isaiah 53:4-9.

Explanations and Comments

The Value Of A Repentant Sinner. Luke 15:2-7. To the Pharisees and scribes who criticized Jesus for receiving sinners and eating with them, Jesus said: "Is there a man among you who, if he possessed a hundred sheep and found one missing, would not leave the ninety-nine in the pasture lands and search for the lost sheep until he found it? By the word translated 'wilderness' is meant the uninhabited lands which were the pasture lands."

"The sheep may shiver with terror and cold when it no longer sees the flock, no longer hears the guiding voice of the shepherd, but it is only the shepherd who knows all that is involved in its position, only the shepherd knows the danger. We sometimes speak of man's infinite loss through sin, and I do not know that we can exaggerate it; but, after all, we do not realize it, even in a measure, until we view from the side of God the poverty of the sinner, the good I will gladly recommend them to all those who are troubled with palpitation caused by their heart and nerves."

Price 50c. per box at all druggists and dealers, or sent direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Minard's Liniment is good for colds.

Inspection Of Vegetables and Fruit Products

Will Ensure Higher Grade Being Sent To Canamers

A thorough inspection of all fruit and vegetable products before preservation will be conducted in all canning plants of the Dominion, by inspectors of the fruit branch of the Federal Department of Agriculture. Through such a service, Mr. McIntosh, fruit commissioner, believes both producer and consumer would profit and encourage the delivery of higher grade products to the canneries. Fifteen permanent inspectors transferred from the health of animal branch, will be augmented by the full inspection staff of the fruit branch in carrying out the inspection service throughout the Dominion.

Practically Safe

Murderers have almost a 100 per cent. chance of escaping the electric chair if they commit crimes in Pittsburgh, the annual report of the homicide squad shows. During the past year thirty-five alleged slayers in fifty-one crimes were apprehended, but not a single one has received capital punishment.

It May Be Urgent

When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. It causes a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product, and you can use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

When your Children Cry for It

To Check Flu-Grip

Fight the Germs with Vapors Before They Can Get a Start

Treat All Colds Promptly But Be Careful Not to Disturb the Digestion With Too Much Dosing

While Flu is so prevalent everyone should take precautions to prevent its further spread. Flu is generally accompanied by a headache, burning eyeballs, and aching joints. But it begins so many times with just an ordinary cold.

Too often, the colds are neglected until they have lowered the vitality and permitted the lurking germs of influenza, or pneumonia to "get a foothold." The only safe plan is to attack a cold at the very start. A hot bath, a laxative, and a vigorous application of Vicks VapoRub on the throat and chest at bedtime, will usually break up a cold overnight.

External Treatment Best
For hours after Vicks is applied, its ingredients, time-tested remedies, such as camphor, menthol, eucalyptus, thyme and turpentine, are vaporized by the warmth of the body, and inhaled right to the inflamed air passages. At the same time, the ointment acts

through the skin like an old-fashioned poultice, "drawing out" tightness and pain, and helping the vapors to break up the congestion.

Avoid Upsetting Stomach
This simple external treatment cannot disturb your digestion as too much "dosing" is so apt to do. This is doubly important when "flu" is around, for your stomach, as well as your respiratory organs, must be kept in good condition in order to keep your body resistance at its highest level.

For this reason, too, mothers prefer Vicks for children. It can be used freely and often, even on the youngest child, with no fear of upsetting a delicate stomach.

To Help Ward Off the Flu
When influenza colds are prevalent, you can often prevent infection by sniffing a little Vicks well up the nostrils every night and morning, or before exposure to crowds.

"Where's the bunk-house?" asked Blackie.

"We don't call them bunk-houses any more, we have dormitories," corrected Gillis as he nudged Donald shyly.

"A what?" questioned the puzzled Blackie.

"Dormitories," repeated Gillis. Blackie glowered at his boss. "What are you runnin', a ladies' seminary?" he questioned sarcastically.

"And another thing, you don't need your blankets. Company furnishes 'em," informed Gillis.

"Well, I'll tell you one thing right now," declared "Crazy" Jack. "I ain't goin' to sleep in a pair of blankets that forty assed bohunks has wrapped themselves in. What kind of a joint you brought us to, Jack?"

"What I want to tell you fellows," said Gillis, ignoring "Crazy" Jack's remarks, "is this: I want you to stay all summer. None of this running to town to get your teeth fixed, or a new suit, see the ball game, or to meet your sister who's comin' out from the East, and all that old bunk. We got more orders."

"Can that chatter," interrupted "Fighting Jack" with a wide grin. "We're all goin' to town on Dominion Day, ain't we, boys?"

"You bet!" they roared as one. Gillis shrugged his shoulders resignedly. "Thought you fellows was gittin' old enough to have a little sense," he said.

"Too much kick in us yet, Jack," demurred Blackie.

"Where is this door-me-tory, Jack?" asked Hoop-la.

Gillis pointed to the long building, and the doctored crowd moved noisily up the hill. The men dropped their packs to the ground outside the door, and shouldering each other, peered in. The long rows of white beds stood immaculate against the walls, and two white-coated nurses were sweeping the glossy varnished floor.

"This ain't the right place," growled Hoop-la, "this is the hospital."

W. N. U. 1768

found Connie busily engaged in spreading the earth in search of worms, which she tossed to the swarms of birds that hovered on the ground and filled the air about her.

Scolding the bold camp-robbers that ventured dangerously near the shovel blade, she scattered the soil then laughed joyously as the birds with a great flutter of wings popped on the fat worms.

Andy threw himself luxuriously on the green sward. This beautiful spot was a diversion from the hot kitchen, a veritable haven of rest. The gentle hum of the bees, the rustle of the flowers, the soft, subdued twittering of the birds, the rustle of the leaves, and the laughing of the water, all combined to make one sweet monotone of sound that lulled him into drowsiness.

Connie sat down near him, the birds all about her.

"Ow do you get them so tame, Connie?"

"They know that I love them," she replied simply.

"I can't get anything but the camp-robbers to come near me," said Andy.

"It takes time and patience, Andy. As soon as the birds are assured that you mean them no harm, they are eager to be your friends. You'll remember, Dad told you that without plants man could not live," she went on. "It is equally true that if all the birds should perish, man would soon follow. And, still more wonderful if we had no insects man could not survive."

Andy came to a sitting posture. "Do you mean to say that we should die if we had no insects?" he asked incredulously.

"Surely, Andy, you haven't forgotten what Dad told you last Sunday about insects carrying the pollen from flower to flower," reproved Connie.

"I 'ave it now!" cried Andy, after a few moments of reflection. "If we had no insects to carry the pollen the plants couldn't live. And if the birds were all gone there'd be so many insects that they'd eat up every blunkin' thing the farmers raised, and we'd starve to death."

Connie nodded.

"Strike me 'andsome if ain't wonderful!" said Andy in an awed voice. Connie explained very simply to Andy the benefits derived by mankind from the various kinds of insects, course, proved so interesting to him that he paid little heed to the time until the sun, disappearing behind the trees, warned him that it was time to return to his duties. Regretfully he arose and turned to the trail. Connie walking by his side. A goldfinch, rich in his summer plumage of bright yellow, black and white, hung swaying like a dainty sprite on a slender stem near the path. From its bulging little throat came a rippling, bubbling sound like a miniature torrent of ecstasy.

"Dear, dear, dearie," he called sweetly.

"Oh, you darling!" cried Connie as she clasped her hands in rapture.

"I've been trying to find their nest for several days, Andy, but the little dears have hidden it too well."

She made soft chucking sounds as she moved nearer to the beautiful nest. The goldfinch fluttered close to her side to perch like a yellow flower on the top of a tall thistle, perked its pretty head and looked up at her with bright shining eyes.

"Dear, dear, dearie," it sang again then flew with characteristic wary motion to a clump of willows, twittering sweetly as if calling Connie to follow.

"I 'ave to 'urry 'ome," said Andy as he looked at his watch. He glanced back at a turn in the trail to see Connie pressing the willows gently aside in her search for the goldfinch's nest.

"Strike me pink! but she is a wonderful girl," soliloquized Andy. The audacious and the brainiest kid he ever saw in his life. If it was thirty years younger, two feet lighter, and 'art decent to look at, I'd fall 'ead over 'eels in love with 'er."

He smiled broadly at these ridiculous reflections, but there was a tender light in his bright blue eyes. A

"Let me see," reflected Blackie, "I owe for my room in town; and I owe at Old Joe's and—"

"How much? Spit it out, I can stand the shock," commanded Gillis.

"Bout a hundred, Jack."

"Whew! whistled Gillis as he reached for his purse.

With Donald's assistance the hundred dollars was found and Blackie ran joyously down the hill.

"Little Devil!" smiled Gillis as he gazed after him. "Good-hearted fellow, as ever!" he added reflectively. "But he can't take one drink without goin' crazy!"

The "redshirts" had been up in the woods looking over the logging operations, and they now came swinging down the hill, their bright shirts flashing in the sun. They were loggers, "every inch of them," as Gillis said.

CHAPTER XII

Andy's study of nature proved to be no idle whim, and Gillis had long since ceased teasing him. All his leisure moments were spent in scouring the hills and meadows for specimens, and regularly every Sunday afternoon he ascended the hill to Walbright's cabin with his collection for the learned, Englishman's inspection.

On this afternoon, Walbright, being in one of his solitary moods, had wandered up the mountain, and Andy

Some of the 1929 reasons for asking for

They are always FRESH
They are always CRISP
They are always PURE

swartly foreign labourer, moving aimlessly up the trail, merely grunted in reply to Andy's cheerful salutation.

"Ode of Gillis's beloved bohunks," chuckled Andy.

A moment later he stopped suddenly. Connie was up there alone. For a short interval he hesitated, then resumed his downward journey. "She'd shoot 'is blunkin' 'ead off 'e tried to 'arm 'er," he decided.

Just then he heard Connie's voice raised in a quick cry of anger. Andy jumped as though subjected to a galvanic shock. He turned in mid-air and before he struck the ground his short legs were going through the motions of running.

The picture of Connie struggling in the arms of the burly foreigner made him fairly fly.

"I'm coming, Connie," he shouted as he tore up the hill.

Donald and Gillis, sitting near the bluff enjoying a smoke came to their feet as they heard a faint shout from above. For an interval they listened intently, but hearing no further sound they resumed their seats.

Andy slackened his pace as he came to the clearing and saw that Connie was unarmed. She was standing near the labourer with her head bowed over an object held in her hand.

"What's wrong, Connie?" panted Andy.

"Andy, look!" she choked, "it's the mother bird. I had just found her nest—here it is!" She parted the bushes to disclose a compact, cosy, cup-like structure of fine grass and moss placed in a crotch of the tree. In the centre lay four downy hatchlings whose tiny mouths gaped wide to receive the expected bit of food from the mother's bill. "Oh, Andy, if she dies the little ones won't live," said Connie in a voice filled with pity.

(To Be Continued.)

An American Knight

Ramsay MacDonald

Labor Leader Is Dubbed "Sir Ramsay" At Jasper Park Lodge.

If they come to hear of this in the Labor Party of Great Britain, there will be murmurs a-fresh in the left wing. It might even have a far-flung effect in the next general election. When Ramsay MacDonald was in Canada last summer he was knighted. Without sword or cushion, without kneeling in silken hose and breeches, but he was knighted. And by a citizen of the United States.

It happened when the former Prime Minister was a guest at Jasper Park Lodge. The man who brought him such distinction, a visitor from Cincinnati, was enjoying the Rockies at the same time. He had a movie kodak with him and was having the fun of his life catching unsuspecting beaver, deer, bear, golfers and other denizens of the park. When Mr. MacDonald appeared with his four daughters, the heart of the man from Cincinnati leapt up. Here was bigger game. A scoop! When his friends gathered before the silver screens in their drawing rooms next winter and boasted of their summer's trophies he could afford to smile. And when he unveiled his own reels they would all perish with envy.

The man from Cincinnati wanted an introduction. "Sir Ramsay," said he, diffidently but firmly, "Sir Ramsay, would you mind if I took a few movie shots of you?"

The deed was done. But the man was too engrossed to be aware of it. Mr. MacDonald did not pale nor offer repudiation. He merely smiled and protested that he was no trick. "I don't want to bother you," said the amateur movie man. "If you and your daughters just step out of the Lodge and stroll from the path along the shore of Lac Beauvert, I'll get you as you go."

So was Ramsay MacDonald knighted and starred in the movies in one day.

Visions Scientific

Trip Around Pole
Captain Bartlett Has Spent Thirteen Years in Arctic.

A four year scientific coasting expedition around the North Pole was envisioned by Captain Robert A. Bartlett, home only a short time from eleven months in the Arctic. Captain Bartlett who has spent 30 years in the frozen north returned to New York with his famous schooner Morysey from the Behring Sea, with the Stoll-McCracken expedition. The ship which Captain Bartlett envisioned for the four year trip would be almost saucer shaped to withstand ice pressure, and non-magnetic.

Recipes For This Week

(By Betty Barclay)

EGGS IN NESTS

To 3 cups of left-over mashed potatoes well softened with milk add 1/2 cup finely chopped ham or bacon, 2 tablespoons finely chopped parsley, 3 tablespoons butter, salt and pepper. Cover the bottom of a well-buttered baking dish and arrange little nests into which gently break an egg. Allow an egg for each person. Sprinkle buttered bread crumbs over the top, and bake in a moderate oven until the eggs are cooked, but not hard.

PRUNE WHIP DELICACY

1 package of orange junket.
1 pint milk.
1 egg white.
1/2 cup sugar.
3/4 cup prune pulp.
2 teaspoons lemon juice.

Prepare orange junket according to directions on package and set away to chill. Beat egg white until stiff, add sugar gradually until thoroughly blended. Add prune pulp (prepared by rubbing cooked prunes through a sieve) and sugar. Before serving heap the glasses of junket with prune whip, and garnish with sections of orange, if desired.

Should Save Argument

S. Parker Gilbert, Agent-General of Reparations, says that Germany is able to pay to the full scale already fixed. That should save much argument at the coming conference.

Little Helps For This Week

"A friend loveth at all times, and a brother is born for adversity." — Proverbs xvii. 17.

Yet of the brother, who along our way, Trone with his burden, heart-worn, Totters before us—how we search for his life, Censure and sternly punish while we may.

Oh, weary are the paths of earth and hard And living hearts alone are ours to guard; Traught the reverent silence of our pitying thought.

Life, too, is sacred; and he best forgives, Who says, "He errs," but tenderly "His life."

—Mary Mapes Dodge.

Do not keep the alabaster boxes of your love and tenderness sealed up till after your friends are dead. Fill their lives with sweetness. Speak kind, approving, cheering words while their hearts can be thrilled by them. The things you mean to say after they are gone, say before they go.

Bee Pollination Unnecessary

That bees are not actually necessary to the pollination of fruit trees is understood to be the important finding of a group of government experts whose report will shortly be delivered to Hon. W. R. Matherwell, minister of agriculture.

Lefty: "She swears she has never been kissed by a man."
Lott: "Well, isn't that enough to make any girl swear?"

Wardoff Flu and Pneumonia

Neglected bronchial colds are dangerous. Stop them instantly with Buckley's Mixture. Its action in relieving the cough and clearing the tubes is amazingly swift—and sure. All druggists sell "Buckley's" under a positive guarantee. Buy a bottle today, and be safe.

ABUSING CHARITY

In their efforts to learn why there appeared to be so much "unemployment" in and around Edmonton, why three hundred unemployed men paraded to the Parliament Buildings and why there was such a loud clamor for "relief," the Alberta Provincial Police, and the Edmonton City Police, working in co-operation, appear to have unearthed a hitherto unsuspected fact which may be of value to every municipality in Canada. The original suspicion of the authorities was that comparatively few of the "unemployed" were local men, but drifters from other parts of the province. The surprising discovery, however, is that large numbers of these men—135 have been discovered to date and there are known to be many more—are unobtrusively asking for public charity because they sent their entire earnings back to various parts of Europe.

Only a public sense of humor—and there is a humorous side to it—will check an outburst of indignation, at the thought of charity being thus abused. The discovery, however, ought to be of assistance to the relief officers of every municipality in the country. Perhaps the strangest part of it all is that these 135 men evidently thought they were entitled to relief by virtue of some kind of a right. These men between them have sent the startling total of \$14,159 back to Europe for which they now have the effrontery to ask the Government or municipal officials to reimburse them.

It would be interesting to conjecture—

ure—it can never now be known—that is the total of relief paid out to "unemployed" New Canadians in past years which has been used this way. Canada welcomes immigrants, it is true, and Canada has an open heart and all too open pocket for the comfort of those in distress. But it is rather startling to discover that a large proportion of our charity has been used, possibly over a long term of years, not for the support of our own needy citizens but for the maintenance of families in European countries, or, as Right Rev. Dr. Lloyd would say, Lord-knows-where—Calgary Albertan.

RED TAPE

An interesting side light is thrown on the propaganda against Canadian regulations for immigrants in what is required of Canadians, native born or born in Great Britain, who wish even to visit Great Britain. The St. Catherine Standard has made the discovery.

This is the law: An Englishman, resident in St. Catherine, is to rejoin his wife in Durham County, England, for Christmas. His wife left last summer to visit home.

The Englishman has to apply for a passport at Ottawa, provide two photos of himself and get some person of repute and authority to sign his application for passport, that he is of good character.

He is leaving a British Dominion to go back for a short time to his native land.

He has to pay five dollars for it run the gauntlet of department red tape and hang on to that passport like grim death, lest he be subjected to grave consequences and inconveniences.

The Law is an Ass.—The Beaver Canada First.

At Lethbridge, the school trustees divided property insurance among the various city agencies.

Some of our neighbors are permitted to live because it takes all kinds of people to make a world.

BLAIRMORE UNITED CHURCH
Rev. J. W. Smith, B.D., Pastor

Serve the church that the church may serve you.

SENIOR SCHOOL at 11 a.m.
JUNIOR SCHOOL at 2 p.m.
EVENING WORSHIP at 7.30 p.m.

ST. LUKE'S, BLAIRMORE

The annual meeting of the congregation will be held in the church on Thursday, the 24th of January, at 8 p.m., for the purpose of hearing the reports of the year 1928 and electing officers for the year 1929, and transacting any other competent business.

Service next Sunday at 11.15 a.m.

—A. D. CURRIE, Incumbent

INSTITUTE OF MANUAL
TRAINING AND HOME ART

A meeting for the organization of the Senior Class in Manual Training will be held in the Institute Rooms on Tuesday, January 22nd, at 7.30. All boys over 12 years interested are invited to come. The course will be explained and questions answered.

Minister—I wish to announce that on Wednesday evening the Ladies Aid will have a rummage sale. This is a chance for all the ladies of the congregation to get rid of anything that is not worth keeping but is too good to be thrown away. Don't forget to bring your husbands.

HE PAID IT

A Scottish farmer was one day, selling some wool to a carrier, and after weighing it in the yard he went into the house to make out an invoice. Coming back, he missed a cheese which had been standing on a shelf behind the outer door, and glancing at the bag of wool he observed that it had suddenly increased in size. "Mon," he said to the carrier, "I have clean forgotten the weight o' that bag. Let's pit it on the scales again." The carrier could not refuse. Being duly weighed the bag was found to be heavier by the weight of the cheese inside. A new invoice was made out, and the crest-fallen carrier went away. The farmer's wife at once missed the cheese, and rushing to the yard, told her husband that some thief had stolen the cheese. "Na, na, Meg," replied the farmer, quietly: "I have just sell the cheese for twa shillin's the pund."

GO SLOW!

The above sign, located by the roadside in West Blairmore, has been a source of annoyance to a prominent Coleman citizen, who has made a practice of walking to Blairmore and back frequently. This gentleman, while past the allotted time of three-score-and-ten, does not like to have to slow down when approaching a live town on foot.

BEAUTY PARLOR IS
NO OLD LADIES' HOME

Because her beauty shop was given the same telephone number as the old ladies' home at Milwaukee, Miss Marie Livingstone has filed suit for \$10,000 damages against the Wisconsin Telephone Co. Miss Livingstone in her complaint said that as a result of duplication of the numbers in her telephone book, her shop was receiving calls, asking about the condition of Mrs. and so on, or inquiring whether her crutches arrived safely. The old ladies' home, it is claimed, had many requests for appointments for permanent waves, massages and manicures.

J. Peck McSwain, well-known old-timer, celebrated his 62nd birthday on August 30th. A novel birthday card was despatched by him to his friends. It read: "Tempus fugit. J. Peck McSwain, 63 today. Tempus certainly does fugit. But I am going to keep on fighting with it." Mr. McSwain worked at Greenwood, Phoenix, Grand Forks, Princeton, Cranbrook, Golden, Briscoe, Moyle, Fernie and a number of other places.

Sun Life Policyholders To Receive Special Bonus

In addition to regular dividends in 1929 of approximately \$17,500,000

Office of the President,
MONTREAL, January 8, 1929

To Our Policyholders:

We have just completed another wonderful year, with profit earnings never before equalled. Our Directors have therefore inaugurated the principle of allowing a Special Bonus on maturing participating policies. The basis for 1929 may be summarized as follows:

On policies ten years in force, maturing by death or (on 'reserve dividend' policies) by the expiry of the reserve dividend period, a bonus of 10 per cent of the reserve, increasing yearly to 15 per cent on policies in force twenty years or longer; on endowments, at maturity, a bonus of 10 per cent of the face value of policies ten years in force, increasing yearly to 15 per cent on policies in force twenty years or longer.

Details will be given in the forthcoming annual report.

This special bonus is in addition to, and independent of, the usual annual profit distribution, the scale for which, for the ninth consecutive year, will again be increased.

We congratulate our members on this happy announcement. It has been made possible only by the large profits earned on the securities selected for the investment of the Company's funds.

As ninety-five per cent of all surplus earned by the participating assurances accrues to our policyholders themselves, they enjoy practical mutualism, combined with the enterprise and stability of stock management. The effect of this combination is evidenced by the results.

T. B. Macaulay,
President.

CALENDARS!

The Enterprise has the territory agency for one of the largest Calendar manufacturing firms in Canada.

Prices are guaranteed lower than quoted by any other house and the goods are of superior quality

If you require Calendars in quantities from 25 to 500, see our Samples, or call us and we will be only too pleased to visit you.

For immediate delivery, or for 1930

The Blairmore Enterprise

George Bond, a defence player who starred with Medicine Hat a couple of years ago, proved to be the hero of Oakland's 4-3 victory over Los Angeles in a recent game. He scored the deciding goal. The Los Angeles Examiner says: "When Bond was on the ice Oakland showed attack as well as defence, and when he rested they were resting too. Bond scored three of the goals."—Harry Scott in

Calgary Albertan.

Local lodges of the Pythian Sisters are looking forward to Tuesday night next, when an official visit will be made by Sister Backus, of Red Deer, who is head of the order in Alberta. We understand that arrangements are being made for a big mass meeting to be held in the Castle Hall at Coleman on that night.

FATHER COSMAN HELD ANNUAL CHRISTMAS TREE AND BANQUET

Father Cosman treated the children of St. Anthony's Parish to a Christmas tree last Thursday afternoon at 2.30. Mrs. Hayes, who took the part of Santa Claus, arrived in time to distribute the numerous Christmas gifts attached to the Christmas tree. Singing, recitations and other musical selections occupied most of the afternoon, while the children enjoyed candy and peanuts at intervals. A happy crowd of children left for home after a most enjoyable entertainment.

At 6.30 p.m., the pastor was host at the banquet to the altar boys and Sunday school teachers in the White-house Hotel banquet room. A number of the boys and girls delivered speeches, while others rendered a few musical selections. The banquet ended by the guests singing, "He's a Jolly Good Fellow" and "God Save the King."

Among those present were Mr. and Mrs. Shaw, from Calgary, and Father Cosman's two nieces, the Misses Hamilton, who are his guests during their visit to Drumheller.—Drumheller Mail.

FORMER BLAIRMORE BOY STARS WITH OAKLAND

The following is clipped from a California exchange and the George Bond referred to is the second son of Mr. and Mrs. Bond, of Blairmore: "Playing hard and fast hockey, which was spectacular in spots, the Oakland Shells won from the Los Angeles Richfields at Iceland yesterday, 4 to 0.

"The afternoon was outstanding for George Bond, defense man of the Shells, who rose to his greatest heights by accounting for two of the Oakland goals and playing a superb game on defense in addition. Bond has the qualities in him to make a superb hockey star and yesterday he exhibited them in lavish style. His first counter came after seven minutes and twenty-five seconds of intense scuffling and was accomplished through the unwilling agency of Fat Larwell's stick, which caromed the shot into the net. Bond had speed and accuracy behind the shot but Larwell blocked it with his cudgel only to have the rubber deflect into the net. Bond's second success occurred after nine minutes and forty-five seconds of action in the third period, and gave the spectators an undeniable thrill as he took the puck away from the frantic enemy in his own territory and placed it gracefully into the net."

S.C. WHITE LEGHORN PULLET LAYS AT 3 MONTHS 2 DAYS

During 1928, Alex. Taylor's Hatchery, Winnipeg, Manitoba, ran a competition with their customers to promote interest in poultry raising, giving prizes for the earliest laying pullet; the highest percentage of chicks raised; the best picture and results obtained.

Miss Agnes Curtin, of Craik, Sask., is the winner of 100 baby chicks with a S.C. White Leghorn pullet laying at 3 months, 2 days. A record of early laying Barred Rock pullet, 3 months and 7 days, Mrs. W. Dwyer, Dunroes, Man., winner of 100 chicks. Raised 198 from 200 Bred-to-Lay Live-An-Gro chicks received, Mr. F. S. Taylor, Hinton, Man., winner of 300 chicks. Best picture of Bred-to-Lay chicks, Mrs. W. Heins, Irricana, Alta., winner of 100 chicks. Winner of 50 Bred-to-Lay Live-An-Gro baby chicks—Mrs. Frank Colyer, Port Arthur, Ont., picture of best pullet; Miss Ethel Meyer, Kenville, Man., picture of box of baby chicks; Mrs. Lou Strachan, Cranford, Man., raised 194 from 200 received; Mrs. W. T. Fourn, LaFleche, Sask., took first prize at local fair.

An exchange remarks: "In Chicago a plumber was shot down while going to work. The best gunmen, however, scorn to shoot at anything but a moving target."

Positive MONEY BACK
Guarantee in each bag.

Robin Hood flour is milled from finest selected hard spring wheat—the cream of Western Canada's crop

Robin Hood FLOUR

THE PASS FIFTEEN YEARS AGO

(The Blairmore Enterprise, 1913)

Nov. 26.—At the Oddfellows' annual banquet, held at the Alberta hotel last night, addresses were delivered by the following: Rev. J. F. Hunter, Rev. W. H. Muncaster, James M. Carter, Charles Green, Alf. Brown (past grand master), A. E. May (grand patriarch), J. A. Tully, Rev. W. T. Young, Dr. A. H. Baker, Fred W. Dought and H. Fairhurst. The Blairmore orchestra, consisting of Professor Decastro, S. Trono and Pete Taylor, rendered pleasing selections, as did also Miss Margretta Williams at the piano.

J. C. and Mrs. Boudeau returned to Frank from Calgary on Tuesday.

Thomas Kidd, a native of Teesdale, County of Durham, England, died at his home here on Friday night, aged sixty-nine years. Mr. Kidd, with his family, came to Canada seven years ago and took up residence in Blairmore early in 1910.

Dick Marshall leaves tonight for Great Falls, Montana, where he is to fight Joe Vannali on December 12th.

Roller skating is now in full swing at the opera house.

Dec. 5.—The following pupils were regular in attendance at the local school for the past month: Florentine Houbreges, Dorothy Hinds, Stanley McPhail, Jean Shearer, George Shearer, Roland Pinkney, Duncan Baird, Amy Brown, Lizzie Brunetto, Annie Dought, Charley Garrett, Addie Hills, Rees James, Frank McLeod, Albert Thibodeau and Maurice Bond.

On Monday the following nominations for council were made: D. C. Drain, L. Dutil, J. W. Gresham, L. W. Krebs, Joseph Montalbetti, Michel Rosse, Archie McLeod and D. A. Sinclair.

Mr. and Mrs. L. P. Robert are away on an extended holiday trip.

A bouncing baby boy arrived to Mr. and Mrs. Large at Frank.

Monday next will be election day for the municipality.

The third annual memorial service for the victims of the Bellevue mine explosion will be held in the Workers' hall at Bellevue on Sunday evening next. The speakers will be David Hyslop, of Coleman, and Rev. W. H. Irwin. The Bellevue band will be in attendance.

Rev. C. C. McLaurin occupied the pulpit of Central Baptist church on Sunday morning and evening.

The first carload of malt for the Blairmore brewery arrived today and brewing operations will commence at once.

Jack McPhail is wearing a broad smile over the arrival of a baby boy via the stork on Thursday night last. Of course, Jack can smile at any time, but it takes a sudden jab like this to make a real one.

It is said that the stork has visited Const. and Mrs. Hammond at Trochu.

COWLEY HAPPENINGS

Mrs. Harvey Bouthiller has returned, after spending several days in Calgary.

Bradford Tustian, who has been employed with the C.P.R. at Spring Coulee, is home for a holiday.

The Ladies' Auxiliary will hold a court whist drive in the Parish room on Friday, the 18th. Prizes and refreshments.

While in Cowley, Rev. Dr. Powell, of Calgary, and Rev. Roy Taylor, of Hillcrest, were guests of Mr. and Mrs. Archie G. Swart.

The junior room of the Cowley school was closed for two days last week end, on account of illness of the teacher, Miss G. K. Brown.

Mrs. Henry Franz, who has been ill of rheumatic fever since January 1st, is reported as being slightly improved, we are glad to say.

The annual meeting of the Anglican church was held in the Parish room on Friday night, when Rev. Mr. Blunt, of Pincher Creek, took charge and officers for the ensuing year were elected.

Word has been received that Mr. J. J. Brown, who in former years was a resident of the Porcupine Hills here, died recently of the "flu" at his home in Penitence, B.C. Mrs. Brown and son are now laid up with "flu." Mrs. Brown is reported to be in a serious condition.

On Sunday afternoon at 2.30, a goodly crowd congregated at the United church, when Rev. Dr. Powell, of Calgary, superintendent of missions for Alberta, assisted by Rev. Roy Taylor, of Hillcrest, delivered a soul-stirring sermon to eager listeners, taking as his subject, "How to be a Christian. Delight in the Word was expressed by many after the service.

A very successful drive and dance was held on January the 11th in the I.O.O.F. hall, under the auspices of the Cowley Women's Institute, court whist being the order of the evening. Around seventy persons were present with eleven tables at play. Those winning the prizes were as follows: Ladies' first, Mrs. Archie Swart; gentlemen's first, Wilfred Fortier; while the booby prizes were awarded to Miss Pearl Madden and Harvey Bouthiller. Dancing followed for a couple of hours.

The annual meeting of the Cowley School District No 373 was held at the schoolhouse on Saturday afternoon. After routine business was taken care of, Mr. Ed. LaBrie was elected as trustee for a period of three years. The question of the building of a teachers' house was brought up, which created considerable discussion. This matter was dropped for the present. The question of a parent-teacher association was also brought up, when pressure was brought to bear on the advantages to be gained from such an order.

Local and General Items

Mr. W. W. Scott is in Lethbridge today, attending the funeral of the late Mr. A. I. Blais.

The Innisfail Knights of Pythias staged a buffalo barbecue and dance during Christmas week.

Rev. E. L. Best has resigned the pastorate of the United church at Fernie, to take effect at midsummer.

Coming next week, "Nameless Men," with Claire Windsor, Antonio Moreno and Sally Rand. Powerful drama of today. Don't fail to see it.

Orpheum, Friday and Saturday, Al Jolson, the greatest entertainer on the stage, now greatest entertainer on the screen, in "Jazz Singer." A play for all.

Watch for Mary Philbin and Ivan Mosjoukine in "Surrender." A dramatic epic of the horrors of Russian Imperialism. This picture will be shown next week at the Orpheum.

Little Ronald McDonald, son of Mr. and Mrs. E. McDonald, gave a party to a number of his playmates on Saturday afternoon last, on the occasion of his fifth birthday.

At the Orpheum next week, Ivan Mosjoukine, the Barrmore of Europe, in tremendous drama, "Surrender," from the stage play "Le Lion" that has been thrilling Europe for years.

Hazel: "Where have you been?"
Lillian: "In the hospital getting censured."
Hazel: "Censured?"
Hazel: Yes, I had several important parts cut out."

Barber: "Shall I clip the ends of your hair off, sir?"
Customer: "No, thank you—one end only."

"My plate is damp," complained a traveller in a New York hotel.
"Hush," whispered his wife, "that's your soup."

"So our engagement is definitely at an end?" said the man.
"It is," replied the girl.
"I suppose you will return the engagement ring?"
"Certainly, call around some evening and we'll pick it out."

Local piano teacher: "That note was D flat."
Pupil: "That's what I thought, but I didn't like to express it that way."

Two men met in a churchyard one lovely morning in May.
"What a delightful day for making everything spring up," remarked the optimist.
"Shut up," growled the other. "I've four wives interred in this churchyard."

Boss: "Rastus, you good for nothing scamp, have you been loafing all day? Didn't I tell you to lay in coal?"
"Yessuh, Ah's been layin' in de coal all day, tho' der's lots of softer places where Ah'd rather lay."

More cups to the pound, more flavor in the cup, more tang to the taste. That's what makes Red Rose tea so popular. Every package guaranteed.

RED ROSE TEA "is good tea"

RED ROSE ORANGE PEKOE is extra good
In the best package—Clean, bright aluminum

About Ourselves

Scanning the pages of a little farm machinery magazine the other day, the attention of the writer of this column was drawn to a short article headed "About Ourselves," and, like everybody else, being interested in himself, he proceeded to read it. It appealed to him as so human so absolutely true, so worth-while, that he decided to pass it on to the readers of this paper and thus give still wider circulation to a message which all would do well to heed. Here is the article:

"We all want the things that we think will make us happy. We want to own things, to know about things, to go places, to do things, to work out ideas, to win the esteem and respect and affection of folks.

The bigger our wants, the more chances we have of being wrong. The person who cares for nothing amounts to nothing. We begin wanting the day we are born. When we quit wanting, we'll be dead. If we don't want anything, we are hopeless.

If we don't think about our wants, we let little desires crowd out the really big, worth-while desires. "I didn't think," is the excuse most often given for acting foolishly, recklessly, dangerously, selfishly. Unnecessary accidents and needless griefs follow. Thinking clears the way for restful action. If we don't think, we are reckless and selfish.

In order to make our feelings and thoughts count, we must do something. The more times we get good thoughts backed by strong feelings and do nothing, the worse off we are. Doing things tests our thinking and our feeling—enables us to do clearer thinking and work out happier things the next time. If we won't work, we are helpless.

A slight change in attitude may make a great change in life; the light of a new idea may point the way to the successful working out of a problem; even when things seem wrong and we can't see clearly, starting to do something may clear the way.

What we feel, what we think, and what we do make us what we are. That's the message. Read it over again. Then, once again, read the last lines: "What we feel, what we think, and what we do, we are."

Now read the first sentence again: "We all want the things that we think will make us happy."

This article is about ourselves. It is a sort of heart to heart talk, a kind of personal stock-taking at the beginning of a new year. So, let us ask ourselves some pointed questions.

Granted we want to be happy, were we ever happy while thinking mean, uncharitable thoughts about somebody else? Rather, have not our happier moods been those when kindly thoughts of others occupied our minds?

We will find happiness in the esteem, respect and affection of others. There are few of us but desire to be popular. But can we command these things, or do we deserve them, if, on our part, we are entertaining feelings of contempt and hatred for those around us?

We find joy in doing things, but can we expect to accomplish much if we are arrogant in our attitude towards others, if we insist upon always having our own way, if we are intolerant of the views and opinions and convictions of those with whom we are called upon to work?

A person who is always suspicious of others soon becomes the object of general suspicion. Thinking mean thoughts, cultivating uncharitable feelings, doing unworthy things, may or may not hurt those against whom they are directed, but they most assuredly do hurt the one who indulges in them. They affect his or her whole character. Persisted in they will even leave their indelible mark upon the countenance with the result that the ugly inner life will be like an open book that all others may read—and shun.

The happiness so much desired is not to be found that way; rather it is the death of all happiness.

Remember: "What we feel, what we think, and what we do, we are."

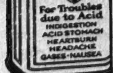

Gave Service Gratuitously

Colorado Doctor Labored For 25 Years Making No Charge For Medical Attention

Dr. B. A. Arbogast, the "hermit physician," of the rough, mountainous country west of Craig, Colorado, died of poverty recently, after a career devoted solely to gratuitous service of his fellow men.

For 25 years Dr. Arbogast has been the physician in a rugged cattle country, which embraced 100 square miles surrounding the "little cabin" where he lived alone. He ministered to the ills and hurts of cowboys, homesteaders, cattlemen—and made no charge for his services.

Forty new school districts were established in Alberta in the first nine months of 1928—making a grand total of about 3,500 in the province.

Excess acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips' Milk of Magnesia neutralizes instantly many

Progress In Aviation

Over 300 Airplanes Now Operating In Canada

On January 1, 1929, there were 333 aeroplanes in operation, or more than three times the total a year ago, according to a survey of Canada made by the bureau of statistics.

There are at present 45 air harbors in Canada, as compared with 25 last year. Licenses held by commercial pilots at the first of the year numbered 190, nearly five times the number on the comparative date.

Activity in the north has been largely responsible for the rapid progress in aviation.

Hockey players use Minard's Liniment.

Stockings were invented in the eleventh century, but weren't discovered until the twentieth.

Acid Stomach

times its volume in acid. It is harmless and tasteless and its action is quick. You will never rely on crude methods, never continue to suffer, never be bothered by indigestion, have pleasantly this premier method acid. Please let it show you—now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

Help British Unemployed

Canadian Fund Opened By a Toronto Newspaper For Relief Of Unemployed

An indication of the interest which has been aroused in Canada of the plight of the British unemployed, particularly the miners and their families, is given by the response to a fund for their relief, opened by a Toronto newspaper. The fund, the first of its kind opened in Toronto, has received the endorsement of Hon. D. D. Ross, lieutenant-governor of the province, and leaders in every section of the industrial, political and religious life of the city.

INFLUENZA'S VICTIMS

Left Weak, Miserable and a Prey To Disease In Many Forms

One of the most treacherous diseases afflicting the people of Canada during the winter months is influenza. It almost invariably leads to a complication of troubles. Its victims suffer with all-errant fevers and chills, headaches and nervousness. It leaves them an easy prey to bronchitis and pneumonia. Indeed, the disease attacks you, and you can't help it. It is a chronic illness. You can avoid influenza entirely by keeping the blood rich and red, by the use of Dr. Williams' Pink Pills. If you have not done this, the disease attacks you, and you can't help it. It is a chronic illness. You can avoid influenza entirely by keeping the blood rich and red, by the use of Dr. Williams' Pink Pills.

Here is proof of the power of Dr. Williams' Pink Pills over this trouble. Mr. F. H. McMillan, Belleville, Ont., says: "Some years ago, following a severe attack of influenza, I was left in such a weak condition that my friends thought I would not get better. I developed nervous indigestion, and my blood got thin and watery. In this weakened condition I began the use of Dr. Williams' Pink Pills, and these did what other medicines had failed to do. They brought me back to health and strength. I can honestly say I think them the best blood-builder and nerve-tonic known, and I shall always praise them."

You can get the pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Unique Method Of Testing Farm Seeds

Virginia Department Of Agriculture Controls Temperature Of Artificial Spouts

A method of simulating spring artificially in a modern version of the old family ice box was described at New York before the Association of Official Seed Analysts.

It is used for testing the germination of farm seeds at the Virginia Department of Agriculture, and Irrigation, Richmond. By a specially prepared chamber and an artificial refrigerator, controlled temperatures are obtained over test seeds planted in special soil boxes.

Even the breezes of spring, so far as they are useful to the fields of farmers, are preserved through the action of cold water running through the apparatus and providing the air purification that takes place in open fields.

Spring's sunshine is reproduced in effect through an electric heater, its emanations being distributed from beneath a covering of water.

Your Home Medicine Chest.—Among the standard household remedies that should always be on hand in your home medicine chest, none is more important than Dr. Thomas' Electric Oil. Its manifold usefulness in relieving pain and healing sickness is known by many thousands throughout the land. Always use Dr. Thomas' Electric Oil for relieving rheumatic and sciatic pains, treating sore throats and chafes, coughs, burns, scalds, cuts, bruises and sprains.

Worth Finding Out.—Dr. F. O. Banting is now experimenting with "royal jelly," the food which the bees feed to develop the queen bee. Some apiculturists think that this stuff, which is said to prolong the life of the queen bee for several years, may have some merit as a food for human beings. It is worth trying to find out just what it is composed of.

Greatest Swiss Avalanche.—The greatest of Swiss avalanches occurred a century ago when five million tons of ice fell from the Alps glacier at a speed of three hundred miles an hour from a height of five thousand feet. Ice fragments were flung fifteen hundred feet up the opposite mountain side.

Lawyer (noted for high fees).—I trust you profited by my advice.

Client.—Yes, but not so much as you did.

For frostbite use Minard's Liniment.

Teacher.—"Now, James, name America's greatest general."

James (the son of a broker).—"General Motors."

W. N. U., 1768

THE EASY WAY

Thousands need cod-liver oil to increase vitality and build up resistance.

Scott's Emulsion

is the easy and pleasant way to exact the most out of cod-liver oil to reinforce your body with strength to build resistance.

Scott & Bown, Toronto, Ont.

Baron Munchausen

Never Told These

Inquiring Guests Add To Wonders Of Jasper Park

"The Equator," said the youngest, writing his examinations, "it is marvellous! I'm running around the world!" Schoolboy howlers are always rich in humor. But the howlers are not always made by school-

Last summer a lady came up to the transportation desk in Jasper Park Lodge to inquire about the motor trip to Mount Edith Cavell and the Angel Glacier. She was very anxious to miss nothing of the wonders of the mountains. "When," she asked, "does the Glacier spout?"

Then there was the lady who thought that the Lodge would be very pretty when it was finished, when the walls were plastered and kalsomined. That the great peeling logs, well chinked and cunningly fitted together, were meant to be as they were, never entered her consciousness. She knew nothing of the beauty of mountain architecture.

The price, however, goes to the lady who was discussing the wild life of the park with one of the wardens. "The goats and the sheep are the same species, are they not?" she asked innocently. "Which are the males?"

"Oh, the goats, madam," said the warden, without batting an eyelash.

The Family Physician.—The good doctor is always worth his fee. But it is not always possible to get a doctor just when you want him. In such cases, common sense suggests the use of reliable home remedies, such as Dr. Thomas' Electric Oil, which is wonderfully effective in easing inflammatory pains and healing cuts, scratches, bruises and sprains. The presence of this remedy in the family medicine chest saves many a fee.

Soviet Plan Subways.—Samuel R. Rosoff, subway contractor, has confirmed reports that Russian Soviet Government is planning construction of a subway and waterworks to cost about \$150,000 for the city of Moscow, and which may be built and financed by Americans.

No child should be allowed to suffer for an hour from worms when prompt relief can be got in a simple but strong remedy—Mother Graves Worm Exterminator.

Graceville, Fla., annually ships more watermelons than any other point in the world.

Miller's Worm Powders attack worms in the stomach and intestine at once, and no worm can come in contact with them and live. They also correct the unhealthy conditions in the digestive organs that invite and encourage worms, setting up reactions that are most beneficial to the growth of the child. They have attacked their power in hundreds of cases and at all times are trustworthy.

It is said sharks do not attack humans. Then as far as we are concerned, there will be no fight.

Some men take good care of an automobile; others treat it like one of the family.

WINDOLITE

MADE IN ENGLAND

COMES WITH A MESSAGE OF HEALTH

THE sun is the all-powerful life producer. Nature's universal disinfectant and germ destroyer, as well as stimulant and invigorant, WINDOLITE is the sun's most important ally.

Medical research has definitely proved that from the point of view of health and hygiene, the most effective action the sun's rays, are the Ultra-Violet rays, which possess the greatest power for the prevention and cure of disease and debility.

Science has further established that ordinary window glass does not allow the passage of Ultra-Violet rays, so that by using glass we are artificially excluding these vital health-giving rays. Therefore, the invention of WINDOLITE has completely satisfied the long-felt want.

Exhaustive experiments have conclusively proved that it is a most effective substitute for glass, that it freely admits the Ultra-Violet rays, and its use has a most beneficial effect on the growth and development of plants and chickens and on the well-being of cattle and horses. The first time to have healthy light instead of darkness in their sheds.

Indeed, the discovery of WINDOLITE has during the last six years completely revolutionized gardening, given a new stimulus to poultry breeding, increasing the egg-laying capacity and fertility of chickens, greatly improved the health of cattle and is now being used in domestic and household requirements.

WINDOLITE stands for 100 per cent. sunlight. It makes light let strong windows for cattle sheds, dairy stables, poultry houses, brooders and all other buildings. It is economical, unbreakable, flexible and is easy to cut and fit. It is now being successfully used for sunrooms, verandas, schools, factories, houses, hotel beds, plant coverings and greenhouses. It keeps out cold—will not crack or chip—cuts with an ordinary pair of scissors and is easy to fit. WINDOLITE is supplied in rolls any length but in one width of 36 inches only. A square yard of WINDOLITE weighs about 14 lbs. while a square yard of glass, of ordinary thickness, weighs about 135 to 140 lbs. The improved WINDOLITE requires no varnish. WINDOLITE is made in England.

Price \$1.50 Per Square Yard, F.o.b., Toronto.

Use WINDOLITE and let YOUR PLANTS YOUR CHICKENS YOUR CATTLE

Wool Returns Much Higher

Last Year's Final Payment To B.C. Sheepgrowers Totalled \$84,000

Between 500 and 600 sheepman throughout British Columbia received a worth-while Christmas present a week before the festive season when the final payment was made on the 1928 wool clip by the British Columbia Wool Growers' Association. This final payment represented a total of \$83,000. The total amount paid out for the year's clip was \$109,537, payment being made at \$1.83 cents per pound, as compared with \$2.19 cents last year, an increase of 28 per cent. The 1928 wool shipments by the provincial association to the Canadian Co-operative Wool Growers' Ltd., at Weston, Ont., were 343,749 lbs., as compared with 305,500 lbs. in 1927, when the total amount paid out was only \$51,170.

Sore Corns Drop Off If You USE "Putnam's"

When you notice any sign of callosities on the feet or toes—that is the time to put on a few drops of PUTNAM'S CORN EXTRACTOR. Do this, and you prevent corns. No matter if the corn is hard or soft. Let it be on top or between the toes. Putnam's will remove it without pain. Insist on PUTNAM'S CORN EXTRACTOR. It does the work—and roots out the corn, quickly and without pain.

Scarcity Of Seed Oats

Alberta Farmers Are Advised To Arrange For Necessary Supply Early In Season

Farmers throughout the province of Alberta are being advised by the provincial department of agriculture to make the necessary provision for securing the supply of oats for seed which they will require for their 1929 crop. The effects of frost in a number of districts are reflected in a reduction in the germinating quality of a great many of the oats.

The price, however, goes to the lady who was discussing the wild life of the park with one of the wardens. "The goats and the sheep are the same species, are they not?" she asked innocently. "Which are the males?"

"Oh, the goats, madam," said the warden, without batting an eyelash.

It is economical, unbreakable, flexible and is easy to cut and fit. It is now being successfully used for sunrooms, verandas, schools, factories, houses, hotel beds, plant coverings and greenhouses. It keeps out cold—will not crack or chip—cuts with an ordinary pair of scissors and is easy to fit. WINDOLITE is supplied in rolls any length but in one width of 36 inches only. A square yard of WINDOLITE weighs about 14 lbs. while a square yard of glass, of ordinary thickness, weighs about 135 to 140 lbs. The improved WINDOLITE requires no varnish. WINDOLITE is made in England.

Price \$1.50 Per Square Yard, F.o.b., Toronto.

Reading Good Books

Means Getting Acquainted With People Best Worth Knowing

To read good books—and by good books I mean books that will give you pleasure in the reading, stimulate thought, and help you to understand the world and humanity—both are yours for the taking, if you will only cultivate a taste for reading.

To read good books is to understand yourself better, to realize your responsibilities as a member of human society more completely through a better understanding of your fellow men. None of us, I suspect, ever attains the end of wisdom, which is to know yourself completely. But the pursuit of that end is about the only pursuit that gives humanity a genuinely and permanently interesting run for its money.

Don't Submit To Asthma. If you suffer without hope of breaking the chains which bind you do not put off another day the purchase of Dr. J. D. Kellogg's Remedy. A trial will drive away all doubt as to its efficiency. The sure relief that comes will convince you more than anything that can be written. When this is so sure, why suffer? The matchless remedy is sold by dealers everywhere.

More Beets Needed

The total production of sugar beets in Alberta for 1928, was 27,000 tons, while the capacity for the Raymond factory was 300,000 tons. The sugar company announced it to expand as fast as the production of beets warrants. At a meeting of growers at Barrow, the main problem considered was the means of raising the acreage now signed up of some 5,000 acres.

Corns cannot exist when Holloway's Corn Remover is applied to them, because it goes to the root and kills the growth.

Science can explain almost everything except why the static is always much stronger when the radio is being shown off to visitors.

WINDOLITE

MADE IN ENGLAND

COMES WITH A MESSAGE OF HEALTH

THE sun is the all-powerful life producer. Nature's universal disinfectant and germ destroyer, as well as stimulant and invigorant, WINDOLITE is the sun's most important ally.

Medical research has definitely proved that from the point of view of health and hygiene, the most effective action the sun's rays, are the Ultra-Violet rays, which possess the greatest power for the prevention and cure of disease and debility.

Science has further established that ordinary window glass does not allow the passage of Ultra-Violet rays, so that by using glass we are artificially excluding these vital health-giving rays. Therefore, the invention of WINDOLITE has completely satisfied the long-felt want.

Exhaustive experiments have conclusively proved that it is a most effective substitute for glass, that it freely admits the Ultra-Violet rays, and its use has a most beneficial effect on the growth and development of plants and chickens and on the well-being of cattle and horses. The first time to have healthy light instead of darkness in their sheds.

Indeed, the discovery of WINDOLITE has during the last six years completely revolutionized gardening, given a new stimulus to poultry breeding, increasing the egg-laying capacity and fertility of chickens, greatly improved the health of cattle and is now being used in domestic and household requirements.

WINDOLITE stands for 100 per cent. sunlight. It makes light let strong windows for cattle sheds, dairy stables, poultry houses, brooders and all other buildings. It is economical, unbreakable, flexible and is easy to cut and fit. It is now being successfully used for sunrooms, verandas, schools, factories, houses, hotel beds, plant coverings and greenhouses. It keeps out cold—will not crack or chip—cuts with an ordinary pair of scissors and is easy to fit. WINDOLITE is supplied in rolls any length but in one width of 36 inches only. A square yard of WINDOLITE weighs about 14 lbs. while a square yard of glass, of ordinary thickness, weighs about 135 to 140 lbs. The improved WINDOLITE requires no varnish. WINDOLITE is made in England.

ARRANGING FOR 6,000 BRITISHERS FOR FARM WORK

Ottawa.—Arrangements have been completed by the Department of Immigration to place in farm employment in Canada 6,000 British-trained immigrants which is the maximum number that will be available before the end of July. The department will assist in placing as many as possible of any others who want farm work and come to Canada on the new \$50 rate.

This was announced by W. J. Egan, deputy minister of immigration, in making public a letter to the railway companies.

The deputy minister explained to the railway companies that it had been the experience of the department during the past three years that not more than 30 per cent. of the alleged farm laborers brought from non-preferred countries actually stayed on the land.

Unquestionably there was a very strong feeling against the unduly large proportion of foreign as compared with British immigrants shown in the immigration statistics for the last few years, the letter set forth, and the movement under the railways agreement was largely responsible for this condition.

Their restrictions, however, do not apply in any way to the movement of central European agricultural families coming to Canada for land settlement nor to the movement of house workers who are coming under proper arrangements for their protection.

The province of Alberta had made representations to the department that while they are anxious to secure a supply of British farm labor and also a supply from preferred countries, they already have in the province all the non-preferred country immigrants they require for farm work this year. In view of this situation the department will endeavor to carry out Alberta's wishes and the province is being so advised.

Death Of Senator Ross

Conservative Party Leader in Senate Passes Away

Quelph, Ont.—Senator William Benjamin Ross, Conservative party leader in the Senate for the past two years, died in Hemlockville, where he had been a patient for two months. He was 74 years old.

Senator Ross succeeded to the leadership of the Conservative party in the Upper House in June, 1926. He had been a member of the Senate since 1912.

In 1881 Senator Ross went to Regina and practiced law there. Among his clients was Gabriel Dumont, the rebel, an associate of Louis Riel.

Later he came back to Halifax and went into partnership with Robert Sedgwick, afterwards a deputy minister of justice and later a judge of the supreme court of Canada. Later he became connected with several other law firms.

Ship Huskies To Byrd

Dogs Required For Pole Exploration Have Left Vancouver

Vancouver.—When the R. M. S. Niagara sailed from Vancouver, January 9, for New Zealand and Australian ports she carried 15 young husky dogs for Commander Byrd's Antarctic expedition. The dogs have been housed at the Grouse Mountain kennel here.

The dogs must reach Dundee, N.Z., by February 7, in time to be forwarded by the steamer Ellnor Bolling for the Antarctic base on the edge of the great ice barrier. E. J. Parr, agent for the White Pass and Yukon Railway, has completed all arrangements for the shipment in response to a recent request by Commander Byrd, it is stated.

Succeeds To Earldom

Alberta Farmer Is Now the 10th Earl of Egmout

London.—Charles John Percival, 9th Earl of Egmout, died recently. Frederick Joseph, Twynham, Percival, a distant relative, who resides at Fiddles, Alberta, succeeds to the title.

The ninth Earl of Egmout was a widower without children or near relatives. His successor is the great-grand-son of the Second Earl of Egmout. The earldom was created in 1753.

W. N. U. 1708.

Harvest Help Influx

Hon. Peter Heenan Explains Why Harvesters Were Brought From Britain

Ottawa, Ont.—A total of 75,000 harvesters were needed in western Canada harvest fields last year and as no assurance was forthcoming from the eastern provinces that they would supply 44,000 to add to the west's available 31,000, the federal government was obliged to appeal to Great Britain for men and as a result the miner-harvester scheme was brought about. This was the explanation of the influx of British harvesters last year to help harvest western Canada's wheat crop, given by Hon. Peter Heenan to the labor delegation which presented its legislation program to the federal cabinet.

The federal government had to protect itself, Mr. Heenan explained, as the eastern provinces could not assure the government of 44,000 harvesters, it was decided to bring ten thousand Britishers to help in the harvest fields.

The estimated requirement of 75,000 was made by a committee which investigated the harvesting conditions.

German Report Shows

Gold Reserve Increased

Reichsbank Vaults Contain Twice As Much As Before War

Berlin.—Five years after the stabilization of the German Reichsmark the vaults of the Reichsbank contain more than twice as much gold as before the war.

At the beginning of December the Reichsbank reserves showed a total of 2,650,000,000 marks worth of gold, while on December 31, 1923, the Reichsbank had only the equivalent of 1,170,000,000 marks in gold.

Since 1924 the gold of the Reichsbank shows a constant increase, 1928 being a record year with acquisitions of gold amounting to 787,000,000 marks until the end of the first week of December.

During the years 1924, 1925, 1926 and 1927, the Reichsbank has bought up gold amounting to 293,000,000, 448,000,000, 377,000,000 and 34,000,000 marks respectively.

Japanese Stage Revolt

Assistance Of Infantry Required By Police To Control Peasants

Tokyo.—Three companies of regular infantry were rushed to Namuro, a village near Fuku, when Japanese smouldering rural unrest flared up momentarily.

Two thousand peasants marched a body on the local government offices and 300 police were unable to control them. Fighting ensued with casualties on both sides and the troops were called.

The peasants were protesting against a government riparian project by which they claim would flood hundreds of acres of paddy (rice) fields.

It was officially reported that the peasants were still gathering in the neighborhood districts and arming with bamboo spears.

To Broadcast British

Campaign Speeches

Broadcasting Debate Between Party Leaders Is Also Proposed

London, Eng.—Radio will play a big part in the political speech making of the coming general election campaign. Addressed by Hon. Neville Chamberlain, at Liverpool, on January 18, and Premier Stanley Baldwin, at Newcastle, on January 24, will both be relayed throughout the country. A proposal to broadcast a debate between the leaders of the three parties on the de-rating bill has been accepted by the Labor party, and it is expected the Conservatives and Liberals will fall in line.

Johns Governor's Staff

Ottawa.—Arrival of Captain R. J. Streetfield from London, Eng., to join the personal staff of His Excellency the Governor-General has been announced from Government House. Captain Streetfield is a nephew of Col. H. Streetfield, who was secretary to Lord Lansdowne, when the latter was appointed governor-general of Canada.

Expect Increased Migration

Liverpool, Eng.—Authorities, both British and Canadian, expect heavy increased migration of British farm settlers to Canada in the spring. Negotiations are under way between the two governments it is understood, looking to the movement of 6,000 trained and partially trained men for farm work in April.

Test Saskatchewan Seed

Seed Testing Laboratory Is Established At Saskatoon

Saskatoon.—Saskatchewan seeds will in future be tested in the laboratory of the Dominion Seed Testing Laboratory, the federal department of agriculture which is being put into operation in rooms occupied by this department here, according to a statement given out recently.

Preparations for opening this laboratory and offices have been under way since December. In all about 3,000 feet of floor space will be occupied.

Nelson Young, of Winnipeg, acting district inspector for the whole district of Saskatchewan will be in charge. Dr. F. T. Wahlen, chief seed analyst of Ottawa, head of all seed laboratory work in Canada, is here in connection with the opening of the laboratory.

Science Aids Farming

Soon Be Able To Develop Wheat That Will Resist Both Rust and Frost

Ottawa.—Within the next few years Canadian experts will have developed scientific means to resist both frost and rust in the great new Peace River fields, Hon. W. R. Motherwell, member of agriculture, said when addressing the first day's session of the eastern Canada Fruit and Vegetable Growers' Association here.

"Canada is a great next year country," said the minister. He meant, he explained, that no matter what conditions of one year were Canadian people had a habit of pinning their faith upon the future and working wholeheartedly for the prosperity of tomorrow.

NEW PICTORIAL STAMP ISSUES NOW ON SALE

Ottawa.—Canada's new pictorial stamp issue is completed and the four larger denominations are now on sale. The stamps are stated by post office officials to be regarded by philatelists as the finest produced in any country.

Each section of Canada is represented. The one-dollar stamp carries a picture of the parliament buildings and is significant of the central part of the country. For the maritimes the 50-cent denomination shows the schooner Bluenose, winning the international fishermen's race. The Quebec bridge appears on the 12-cent stamp. The prairies are typified in the 20-cent stamp by a picture of a wheat field. The ten-cent stamp bears a representation of a mountain in British Columbia with totem poles on the border.

The lower denominations carry the king's head. All numerals are larger than in previous issues. The stamps are stated to be among the finest examples of the engraver's art. Under the microscope the windows in the parliament buildings may be counted and figures of horses in the British Columbia stamp, smaller than a pin head, are replete with detail.

Dog Days of Quebec

There was great consternation in the canine world a few days ago when it was decreed that no dogs in harness must roam the streets of Quebec. There was a rumour that the great classic, the Eastern International Dog Show Derby was to be cancelled, that the Chateau team was to be banished from the terrace—all sorts of horrible rumours; but as afterwards developed, the edict was not directed against any other than the small boy who, with a dog he may, or may not, be able to control,

dodges under the horses' hoofs and car wheels, thus endangering his own life and others, including that of his dog.

So once again "Mountie" veteran Mounted Police dog, will as leader of the Chateau Frontenac team, wag his tail as the winter tourist pats his head. And the Dog Derby is on February 21, 22, 23. One hundred and twenty miles in three laps, with, perhaps, men whose names were famous last year—St. Godard, Seppala, Chevette and Dupuis.

PREDICTS POLITICAL CRISIS

Arthur Beverley Baxter, the Canadian who is managing editor of the Daily Express, London, who has "pilled the beans," as he himself contemptuously put it, by announcing that Beaverbrook is prepared to go to the mat with the die-hard political parties in Britain in order to effect an empire-wide tariff. Baxter, who made the announcement during his present visit in Canada, predicts that Beaverbrook's action will result in one of the greatest political crises in British history.

Boost Automobile Insurance

Report States Rates Throughout Canada Are To Be Increased

Toronto.—Automobile insurance rates throughout Canada are to be increased sharply, as much as 50 per cent. for legal liability and as much as 25 per cent. for collision, it was announced here recently, following a meeting of the Canadian Automobile Insurance Underwriters' Association. The increase will be graded to differentiate between urban and rural areas.

It was stated that the ground upon which the increased rates would be put into effect were that business under present conditions was unprofitable and that Canadian rates are lower than those prevailing in the United States.

It was announced that after a survey of present rates at the meeting, it was decided that "adjustments were imperative."

McLean To Receive

Eight Thousand Yearly

New Post Carries Salary Of a Deputy Minister

Ottawa, Ont.—Hon. J. D. McLean, former premier of British Columbia, and newly appointed farm loan commissioner, is in conference with departmental officials here and beginning the preliminary work of organizing the rural credits system.

Mr. McLean will be paid \$8,000 per year, the salary of a deputy minister. Two other members of a farm loan board who will serve part time, will shortly be appointed.

Earthquake In Turkey

Constantinople.—A violent earthquake accompanied by a terrifying subterranean roar occurred at Angora recently. No accident to life or property was reported.

Visualizes Conditions Ideal

Henry Ford Says Farming Needs To Be Completely Revolutionized

New York.—A world in which no one smokes or discusses prohibition, where farmers no longer farm and housekeepers no longer cook, and machines take care of the drudgery is outlined by Henry Ford, in his book, "My Philosophy of Industry," just published.

"The great problem in the home today," the Detroit capitalist points out, "is too much drudgery. We shall soon find a way to do much of the cooking outside and deliver it in a hot and appetizing condition at meal time at no greater cost."

The old farm is likewise due for big changes, according to Mr. Ford. "Farming needs to be completely revolutionized," he says. "Large corporations, whose sole business it will be to perform the operations of plowing, planting, cultivating and harvesting, will supersede the individual farmer, or groups of farmers will combine to perform their work in a wholesale manner. This is the proper way to do it and the only one in which economic freedom can be won."

New Directors Elected

Aberdeen-Angus Association Announces Appointments For This Year

Brandon.—The election of directors for 1929 of the Canadian Aberdeen-Angus Association, has been announced by the secretary, F. W. Crawford, as follows:

For Ontario and other eastern provinces, John Lowe, Elora, Ont.; James Bowman, Guelph, Ont.; Col. R. McEwen, London, Ont.

Manitoba—Harry Leader, Burnside; J. H. McGregor, Brandon.

Alberta—F. H. Reed, Lacombe; S. J. Henderson, Lacombe; Charles Elliott, South Edmonton.

New Airplanes Ordered

Five Are Especially Equipped For Patrols In Alberta

Ottawa.—Twelve new Mohawk planes were ordered by the Department of National Defence for distribution among flying clubs in Eastern Canada and for forest patrol work out of High River, Alta., air station. The order involves more than \$50,000.

The order calls for five machines especially equipped with radio sets, added fuel carrying capacity and special navigation instruments for the difficult patrols in Alberta where it is necessary for pilots to make long flights at high altitude.

Report Is Denied

Ottawa.—The Canada-United States anti-smuggling conference recently issued a denial of statements appearing in a morning paper that the Dominion will not accede to the request of the American delegation for refusing of clearance to liquor cargoes for the U.S.

Customs Inspector Resigns

Nanking.—Resignation of A. L. F. Edwards, a British subject, as inspector general of Chinese customs has been accepted. Deputy Inspector F. W. Mars was appointed to succeed Mr. Edwards who resigned as a protest against dual control of customs.

MAY RESTRICT MIGRANTS FROM CERTAIN AREAS

Ottawa.—It is reported here that Hon. R. B. Ford, Minister of Immigration, is planning to restrict immigration from Central and Southeastern Europe. The information is supposed to have been conveyed in telegrams from the minister, who is in the west, to Ottawa.

W. J. Egan, deputy minister, stated that he had received no such telegraphic communication from Mr. Ford.

The report suggested that the government would decline to renew the conventional agreements with the railways, which expire in October, 1930. This agreement enables the Canadian National and Canadian Pacific Railways to bring agricultural and domestic workers from these countries to Canada if they are available from a physical and mental standpoint. This agreement is subject to cancellation at any time on one year's notice, or can be suspended by order of the minister of labor if labor conditions here warrant it.

MAY HAVE TO ARBITRATE ON BRANCH LINES

Ottawa.—The official announcement of the C.P.R. branch line program which is to be submitted to Parliament is taken here as meaning that attempts to remove conflict between the two railway companies have failed of success and that parliament will be compelled to arbitrate between them.

In the official list of branch lines, for which the C.P.R. will seek charters from Parliament are several which will be, contested, by the Canadian National Railways on the ground that they invade Canadian National territory. The full extent of the conflict will not be revealed until the Canadian National branch line program is announced. This program, it is understood, has not yet been formulated but undoubtedly it will be very large and will call for lines in much of the territory being sought by the C.P.R.

The Canadian National Railways will ask for a charter to build a branch line connecting Saskatoon and Melfort. They already have a line started there running north from Vonda. In 1924 the National Railways asked for the right to build such a line, but their bill was killed in the senate. This territory is one in which the most acute controversy occurs between the railway companies.

Winnipeg.—An era of expansion involving construction of approximately 1,200 miles of track into virgin country in Western Canada at a cost of not less than fifty million dollars is foreshadowed by the application of the Canadian Pacific Railway for new lines. This will mean employment of many thousands of men extending over a period of five years, it is understood.

National Resources Question

No Statement By Premier King In Respect To Province Of Alberta

Ottawa.—Premier Mackenzie King has not yet issued any statement with respect to the return of the natural resources to the province of Alberta, and it seems doubtful whether he will discuss the matter until definite agreement has been reached.

When Premier Brownlee was last in Ottawa, it was understood that a tentative arrangement had been arrived at, but that it would be discussed further in correspondence between the two governments.

A despatch from Edmonton outlining what is said to be a new offer by the Dominion indicates that this correspondence is proceeding. The prime minister, however, has made no announcement as yet.

Reach Flin Flon By Auto

This Means Of Transportation A Success During Winter

The Pas, Man.—For the first time in the history of Northern Manitoba, automobiles are being used this winter as a means of transportation over the trails and lakes between The Pas and Flin Flon, a distance of 400 miles.

Jim Reid, a well-known mining man, started out for Flin Flon via Sturgeon Landing and would have received there that he had reached the landing. Two other parties started out on the same trip a little later.

Automobiles are running daily between Cranberry Portage and Cold Lake as well as aeroplanes, tractors, and snowmobiles.

Plans Non-Stop World Flight

Geobel Will Attempt It If Financial Backing Is Assured

Wichita, Kansas.—A non-stop 24,000 mile around-the-world aeroplane flight is the next objective of Arthur Geobel, of Wichita, winner of the Dole flight to Honolulu.

The flight will be attempted as soon as preparations can be completed and financial backing assured. Geobel said, in revealing his next endurance flight.

Endangered Many Lives

Montreal.—Five minutes before the opening of the morning classes of St. Edmund School here recently, a stick of dynamite was found under the teacher's desk. A boy who admitted the deed, was charged in juvenile police court with endangering the lives of 800 people.

Would Create New Department

Ottawa.—Creation of a Federal ministry of fisheries will be sought by a delegation from the Canadian Fisheries Association when it meets upon the Premier in the near future.

The Plant and Business of the Blairmore Vulcanizing and Battery Station TO BE SOLD

The undersigned having taken an option on a certain merchandising business in South Alberta, expiring April 1st next, we are now offering our above Plant and Business for sale upon reasonable terms to a reliable purchaser, giving possession any time up to April 1st.

We have the nicest paying business in The Pass country, investments considered. Our books are open to any bona fide intending buyers for inspection. The past 1928 year was the best we have had for profits in the past eighteen years and this proposition is worth while investigating by anyone wanting a business of this kind.

For further information, apply to
W. M. BUSH, Proprietor, Blairmore

Miss Margaret G. Reid, formerly of Guernsey, Saskatchewan, has accepted the position left vacant by Miss Muir, on the Coleman teaching staff. Miss Muir has forsaken single blessedness.

The entire board of school trustees for the township of Aylwin, Quebec, was found guilty of failing to comply with health regulations of the province, and were fined \$5 and costs in each of two separate cases. The matter arose last May, when there was an outbreak of smallpox in the district, when it was charged the trustees ignored vaccination orders.

According to a down-east paper received by us last week, the biggest farm crops in history were being harvested in Blairmore. Just a few days before we received this paper, Baptiste Seriani lost his whiskers and hair growth of about two years.

The annual meeting of the congregation of the Blairmore United church will take place at the church tonight, when reports from the various auxiliaries connected therewith, as well as the general financial statement, will be presented. Election of quarterly official board and members of the session will also take place.

Announcement !

We have installed the necessary equipment and parts to effect all necessary

Repairs to Phonographs and Gramophones
including oils, graphite, etc.

No longer any necessity to meet high cost of freight or express rates to larger centres. We can make any repairs necessary at moderate cost.

Bring Your Repair Work to us

S. Trono Watchmaker and Jeweler Blairmore

Local and General Items

Crows flying north in Nova Scotia are said to forecast an open winter.

The trainmen's annual ball will be held in the Hudson's Bay hall at Macleod on February 6th.

We understand that Miss Garrison has been appointed postmistress at Frank, succeeding the late Mr. I. Wilson.

We never hear the "dry" folks remark about the great increase in production and sales of dry ginger ale in Canada.

This week The Enterprise has received no less than fifteen orders for calendars. Don't wait till later—order now.

We haven't heard of anyone ordering their water supply cut off because of the reduction in the price of beer and liquor.

The T. Eaton Co. have acquired the Malcolm hotel property in the city of Quebec, with intention of opening a department store.

Americans spend \$257,000,000 a year for soap. There's not a Canadian boy who could not think of a better use for all that money. (?)

Mr. H. A. McVicar, C.P.R. coal inspector, returned to Hillcrest on Saturday morning last after a visit to his former home in Nova Scotia.

Not every lover of hockey was pleased with the goal-hogging displayed at the local arena on Monday night. Let's have some real sport.

The Alberta division of the Crown's Nest Pass Curling Association opened a bonspiel at Coleman yesterday, which it is expected will conclude on Saturday.

Major Graham A. Bell, deputy minister of the Department of Railways and Canals, died at Ottawa, on Saturday, after a lingering illness, aged fifty-five.

Mr. and Mrs. J. R. Gresham returned from their honeymoon trip on Wednesday morning of last week and have taken up residence in West Blairmore.

Howard Douglas, motion picture censor of Alberta for thirteen years and widely known old timer, died in Edmonton on January the 6th at the age of 78.

The property of A. J. Smith in South Blairmore, formerly owned and occupied by James Boyd and family, has changed hands, the new owner being William Harrison.

Will the party who took Elaine Ennis' skates by mistake, after Miss Chardon's recent party to her pupils, kindly return same to Miss Chardon and receive their own.

A Nova Scotia paper states that Hon. Duncan Marshall has accepted the post of doctor of agricultural markets. We didn't know that these markets needed much doctoring.

Representation is being made to the Dominion government by the Pincher Creek Council and Board of Trade to have a subway built, crossing the C.P.R. right-of-way just west of Pincher station.

Mr. and Mrs. Fred Gilroy, of Hillcrest Station, left by Tuesday morning's train for Vancouver, having been called there owing to the death of Mr. Gilroy's mother, at the advanced age of eighty years.

The Coleman Canadians were defeated by Bellevue on Tuesday night by a five-to-four score. The old war-horse, Doc Barbour, was back in the defence and probably was accountable for his team's success.

The new liquor prices came into effect at the local vendor store yesterday. We understand that the new scale is quite on a par with British Columbia's, the reduction being in the neighborhood of five to ten per cent.

The C.P.R. will spend \$2,500,000 on the Empress hotel at Montreal.

Agent and Mrs. Bundy were up from Cowley last evening to see the hockey game.

The auditor's report and financial statement of the Town of Blairmore for the year 1928 will appear in our next issue.

"I'd walk a million miles for one of your smiles, my mammy." See Al Jolson in "Jazz Singer" at the Orpheum on Friday and Saturday.

Mr. A. I. Blais, who died at Lethbridge on Tuesday, was sixty-five years of age. The remains were laid to rest at Lethbridge this afternoon.

The annual meeting of ratepayers of the Town of Blairmore and Blairmore School District No. 628 will be held on Friday night, January the 25th, at the school house.

Special matinee at 2 p.m. Saturday, at the Orpheum. The "Jazz Singer" will be shown. Remember, the "Jazz Singer" is the greatest mother play ever written.

Mattson and Fisher, who had a try-out in the Southwestern States, are returning to Bellevue and will likely be seen in action again before the close of the hockey season.

"Marriage," said the Stewart Manor Philosopher, "is like a railroad sign. When you see a pretty girl you stop; then you look, and after you're married you listen."

One of our hockey boosters asks: "What is the matter with Blairmore hockey fans? We have a winning team and yet the other Pass towns can get two or three times the gate that we get. There is nothing disorganizes a team as much as a small attendance at a game. Get busy, and come out and help the boys."

A miner named Mingini suicided on the railway platform at Hillcrest on Monday night by drinking poison. The man had been under medical treatment for some time and is believed to have been mentally deranged. In his possession was found a bank pass book, showing that he had between \$750 and \$800 in the bank. His wife and two small children are residing in Italy. He has a brother at Windsor, Ontario.

Last night's exhibition hockey game with Granum was one of the fastest of the season and resulted in a win for Blairmore by a six-to-two score. About three hundred fans witnessed the game, which was refereed by A. J. Kelly. Rhynas played an excellent game in goal for the locals. We understand that Blairmore will go to Granum for a return game on Wednesday next, and should the weather be favorable they will no doubt bring a bunch of fans with them.

The syllabus for the 1929 Crown's Nest Pass Musical Festival has been distributed, and anyone interested and desirous of receiving a copy of same should make application to the secretary, Mr. Frank J. Smith, Hillcrest, at once. The adjudicators this year will be Mr. Clifford Higgins, of Calgary, and Mr. Ernest F. Layton, past president of the Alberta Musical Festival Association, Lethbridge. The festival will open as formerly on Easter Monday at the Blairmore opera house, and will occupy at least three days.

Blairmore School District No. 628.

Annual Meeting

NOTICE is hereby given that the Annual Meeting of the ratepayers of Blairmore School District No. 628 will be held at the School House on Friday, January the 25th, 1929, at 8 p.m.

By order of the Board.
ARTHUR J. KELLY,
Secretary-Treasurer.
Dated at Blairmore, Alberta,
January 17th, 1929. [J17-24]
